Further with regard to Item 1, however, applicants noted in reviewing the file of the present application that the Subject reference had previously been relied on by the Examiner to reject applicant's claims in an Office Action dated March 21, 2001, but was never made of record by the Examiner by inclusion on a PTO Form 892.

Moreover, applicants additionally noted in their review of this file that the Examiner had also relied on Capon, et al., U.S. Patent No. 5,565,335 (Item 2 in this Disclosure Statement) in an August 7, 1997 Office Action, but that this reference also had not been made of record in the application by inclusion on a PTO Form 892.

The Examiner is therefore respectfully requested to make both of these references of record in the present application by initialing and dating a copy of the PTO Form 1449 submitted as Exhibit A and returning the same to applicants' representative with his next Communication concerning this application.
